

## Pre-Placement Talk Report

**Academic Year:** 2025–26

**Target Audience:** Third-Year Students of SOET

**Organized By:** Training and Placement Cell

**Speaker:** Prof. Ashfaq Jamkhandikar], Head – Training and Placement

**Date of Event:** 7<sup>th</sup> August 2025

**Venue:** Seminar Halls & Classrooms

### 1. Objective of the Session

The primary objective of the pre-placement talk was to:

- Familiarize third-year students with the placement process.
- Share insights into current industry expectations.
- Provide preparation guidelines for upcoming campus placements.
- Outline the roadmap for placement training sessions and assessments.

### 2. Key Highlights

- **Introduction to Placement Structure:** The T&P Head explained the stages involved in the campus placement process, including registration, aptitude training, mock interviews, group discussions, and final recruitment.
- **Eligibility Criteria:** Information was shared regarding the eligibility rules for various companies, such as minimum CGPA, no active backlogs, and attendance criteria.
- **Training Modules:** An overview of the planned training schedule for aptitude, technical, and soft skills was provided.
- **Important Dates:** Students were informed about the tentative calendar for training sessions, pre-placement activities, and company visits.
- **Tips and Strategy:** The T&P Head offered tips for resume building, personal interviews, and time management during preparations.
- **Q&A Session:** The session concluded with an interactive Q&A where students clarified their doubts regarding placements, internships, and higher studies.

### 3. Attendance

- **Total Participants:** Approximately 200+ third-year students attended.
  - **Departments Covered:** SOET (School of Engineering & Technology)

#### 4. Outcome

- Students gained clarity on the upcoming placement season and felt more confident about preparing.
- Many students expressed interest in attending additional mock interviews and resume workshops.

#### 5. Conclusion

The pre-placement talk proved to be an informative and motivating session. It successfully aligned the students with the goals and expectations of the placement season and emphasized the importance of proactive preparation. The Training and Placement Cell will continue to offer support and guidance throughout the academic year.
