## **REPORT**

*on*

### **Career opportunities and scope in Marine Engineering** **(By Alumni Connect Center under Alumni Engagement Program)**

A counselling session on **Career opportunities and scope in Marine Engineering** was organised by **Prof. Atul N. Meshram**, Coordinator, Alumni Connect Center (ACC), Department of Mechanical Engineering under the Alumni Engagement Program. Amongst many of our distinguished Alumnus who joined the field of Marine Engineering, **Mr. Imran Khan** our first batch Mechanical Engineering pass-out student (**2015 Pass-out**), who joined Graduate Marine Engineering (GME) after graduation. Mr. Imran is now working in the field of Marine Engineering as **Third Engineer at Dockendale Ship Management** and also working as a **consultant at Shore Office**, having experience of more than 7 Years on Bulk Carriers and Tankers.

**Mr. Imran Khan**, was requested by **Prof. Atul Meshram** to come for a career counselling session and in no time he agreed to come on any date of our convenience.

The session on **Career opportunities and scope in Marine Engineering** was scheduled on 21.03.2025 (Friday) at 11.15 AM at B-214 classroom for **TE and BE** students, to get more insight on the Marine Engineering field. *(SEME students if interested were asked to attend the session)*

The main purpose or objective of inviting **Mr. Imran Khan** to conduct a Session on Career opportunities and scope in Marine Engineering on 21<sup>st</sup> Mar 2025 for students, (especially for TEME and BEME students), was to make students aware of the Marine Engineering field.

Innovative Teaching - Exuberant Learning

Vision : To be the most sought after Technical campus that others would wish to emulate.

**The main objective of this career counselling session:**

1. To make our students aware of the opportunities in the field
2. To know How to get into Marine Engineering, what are the required skills and knowledge, opportunities in Marine Engineering.
3. Make students aware of the various departments/ areas where they can make career in the field of Marine Engineering.

First of all we feel proud to see our very own alumnus **Mr. Imran Jamil Khan** (*Distinguished Alumnus of AIKTC- 2015 Pass-out Batch*) doing well in your career and delighted to see his keenness in helping our students in shaping their career and making them aware of the field which you have excelled in.

**Prof. Atul Meshram** thanked and welcomed **Mr. Imran Khan** for coming for the career counselling session on a very short notice. The session started at 11.30 AM and was very fruitful and interactive. The session will definitely help student understand the life of Marine engineer, their way of working, job profile, work conditions etc. It was really great to see the efforts put by Mr. Imran in explaining very minute details of the Marine Engineering, made it very easy for students to understand it well. It has been very important and valuable session for all of us. The enthusiasm and passion to explain and make them realise and get the in depth details on Marine Engineering was really appreciable and Mr. Imran Khan has done everything possible to make student aware of the life of Marine Engineer. He actually showed how he work on ship and what challenges a Marine Engineer faces and overcomes daily and come out as a winner by working in a team.

The session comprised of the discussion on:

1. Overview on Marine Engineering
2. What after Graduation
3. How to get into GME
4. Institutes available in and around & Approximate Fee
5. What to prepare for before deciding to join Marine Engineering,

**DEPARTMENT OF MECHANICAL ENGINEERING**

6. Process to join Graduate Marine Engineering.
7. What you learn during GME & Course duration.
8. Career Opportunities after GME & perks.
9. Departments, Posts, Career path and growth in Marine Engineering.
10. Life style/ Discipline/ schedule at work
11. Work conditions & Motivation.

Mr. Imran explained everything in detail which enthralled students and many of them were not aware of many things, now got a clear picture of the marine engineering. They got answers to their queries on the field of Marine Engineering. Students were participating in discussion and the way Mr. Imran was addressing to their individual queries was commendable.

During session Mr. Imran showed some videos of disaster and images of his ship and the work he is involved in and doing dedicatedly when on ship (Engine side)

Looking at the response of the students, we can say that the main objective of having the career counselling session was served to the greater extent. Mr. Imran assured that he is always available and will come whenever possible to guide students in every possible way.

We at Alumni Connect Center (ACC), will keep conducting similar sessions for our students so that they excel in their studies and help them make a right choice of the career. Prof. Atul Meshram thanked Mr. Imran for the interactive and fruitful session. Feedback on session was taken from students. The session got over at 1.30 PM, on a very positive note with high sense of satisfaction on students faces.

Report is prepared by Prof. Atul Meshram, Coordinator, Alumni Connect Center, department of Mechanical Engineering.
