1	18DME17	Discussed on all points of Student Mentor interaction (SMI). Counselled students for their planning of Studies and also reffered to their Unit Test Marks. As these are DSY Students, mathematics seems to be bit difficult to them. Took details of their attendance and Submission. Asked all to have a practice of solving numericals at their own and get their queries resolved through their respective faculty members. All are asked to submit the photocopy of their sem II marksheet to me.	During or at the End of Term

SOFT SKILL DEVELOPMENT FOR S.E. & T.E. STUDENTS (2019)

OBJECTIVES:

1. BEHAVIORAL CORRECTION (POSITIVE ATTITUDE BUILDING)
2. CREATING EAGERNESS TO LEARN (MAKE A SELF AND LIFE LONG LEARNER)
3. MAKING SERIOUS ABOUT CAREER
4. CREATING SENSE OF RESPONSIBILITY
5. MAKING MORALLY STRONG
6. PROFESSIONALLY ETHICAL
7. TECHNICALLY SOUND AND COMPETENT

TOPICS FOR W/S SEMINARS/ LECTURES...

1. PURPOSE OF LIFE
2. PURPOSE OF EDUCATION
3. GOAL SETTING
4. SWOT ANALYSIS
5. TIME MANAGEMENT
6. STRESS MANAGEMENT
7. INTERPERSONAL SKILL
8. SECRET OF SUCCESS
9. PERSONALITY DEVELOPMENT
10. INSPIRING CREATIVITY
11. TEAM BUILDING
12. YOU ARE THE BEST
13. POWER OF POSITIVE ATTITUDE
14. RESUME WRITING
15. INTERWEAVING TECHNIQUES
16. APTITUDE TEST
17. GROUP DISCUSSION TECHNIQUES
18. BUSINESS COMMUNICATION TIPS
19. ETHICS IN PROFESSION
20. CAREER OPPORTUNITIES AFTER B.E.

SOFT SKILLS AND SUCCESS IN CAREER

PRESENTED BY

MOHAMMAD JAWED

11TH APRIL 2019

SOFT SKILLS

- Soft skills are a combination of
- interpersonal people skills,
- Social skills,
- Communication skills,

SOFT SKILLS

- Character traits,
- Attitudes,
- Career attributes and EQ (emotional intelligence quotient) amongst others.

SOFT SKILLS

- The Collins English Dictionary defines the term "soft skills" as "desirable qualities for certain forms of employment that do not depend on acquired knowledge: they include common sense, the ability to deal with people, and a positive flexible attitude."

CONCEPT

- Soft skills are a cluster of productive personality traits that characterize one's relationships in a social environment with other people.
- These skills can include social graces, communication abilities, language skills, personal habits, cognitive or emotional empathy, time management, teamwork and leadership traits.

Fr. Conceicao Rodrigues College of Engineering Technical Campus New Panvel

CONCEPT

- National Business Education Association deems Soft Skills as CRITICAL for being industrious in today's workplace.

CONCEPT

- Soft Skills complements hard skills for productive workplace performance and everyday life competencies

(Arkansas Department of Education, 2007).

CONCEPT

- Hard skills also known as technical skills, were the only skills necessary for career employment and were generally quantifiable and measurable from educational background, work experience or through INTERVIEW.
- In twentieth century soft skills are a major differentiator and a prerequisite for EMPLOYABILITY.

CONCEPT

- A study conducted by Harvard University noted that 80% achievements in career are determined by SOFT SKILLS and
- only 20% by HARD SKILLS.

CONCEPT

- Experts say soft skills training should begin for a person when they are students, to perform efficiently in their academic environment as well as in their future workplace.

Soft Skills = People skills + Social Skills + Personal Career Attributes

Atmiya Institute of Technical Campus New Panvel

NEXT PLAN

- ✓ Hard Skills: Revive Fundamentals of Engineering (Interview)
- ✓ Softskill: Self Assessment, Indentify Area of Improvement, Improve (Employability and Growth)

STUDIES

- A person's soft skill is an important part of their individual contribution to the success of an organization.
- Organizations which deal with customers face-to-face are generally more successful if they promote activities for staffs to develop these skills through wellness enhancing programs.

STUDIES

- Training or rewarding for personal habits or traits such as dependability and conscientiousness can yield significant return on investment for an organization.
- For this reason, soft skills are increasingly sought out by employers in addition to standard qualifications.

STUDIES

- Studies by Stanford Research Institute and the Carnegie Mellon Foundation among Fortune 500 CEOs established that 75% of long term job success resulted from soft skills and only 25% from technical skills (Sinha, 2008).
- Hence, soft skills are as important as cognitive technical skills (John, 2009; Zehr, 1998).

DESCRIPTION OF EVENT IN 50-100 WORDS:

Objectives:

To make students aware of Calibration and Testing of Electrical, Electronic and Process Control Instruments. Students got to learn the following,

- Types of simple control devices like relays and wiring logics
- Programmable Logic Controllers (PLC)
- Human Machine Interface (HMI)
- Supervisory Control and Data Acquisition (SCADA)
- Motor drive systems such as Variable Frequency Drive (VFD)
- Proportional Integral and Derivative (PID) system design and programming
- Control panel wiring exercise

Objectives:

To make students aware of Calibration and Testing of Electrical, Electronic and Process Co Instruments at IDEMI, Sion, Mumbai. The visit was conducted for Second Year Students. During the visit students were shown BARC projects, flow ,pressure ,mass and volume calibration laboratories.Described procedures for efficiently calibrating different types of instruments, Linear Instruments, Non-linear Instruments, Discrete Instruments etc.

Outcome:

- Got an insight of BARC projects
- Different types of calibrating instruments.

NAME OF EVENT: Skill Development Lectures on Python

SCHOOL/ DEPARTMENT: SOET EXTC **NUMBER OF PARTICIPANTS (STAFF):** 01

DATE OF CONDUCTION: 01/03/2019 – 12/04/2019 **NUMBER OF PARTICIPANTS (STUDENTS):** 15

NAME OF RESOURCE PERSON/ORGANISATION: PROF. CHAYA S

RELEVANCE TO PO WITH LEVEL:

DESCRIPTION OF EVENT IN 50-100 WORDS:

The SDL provided an insight into the concepts of Python which is a widely used general-purpose, and high level programming language. It is mainly developed for emphasis on code readability, and its syntax allows programmers to express concepts in fewer lines of code. 'Python Data Types', 'Operators', 'Input and Output', 'Flow Control', 'Functions and File Handling' were few topics that will be dealt during the Sessions.

AIKTC/SoET/EXTC/CO-CURRI/2018/

To,
Prof. Shishir D Jagtap
Assistant Professor, SIES, Nerul

Sub: Invitation letter for Expert Talk on 'Transmission line & Computational electromagnetics' reg.

Respected Sir,

You may be aware that the Anjuman-I-Islam Mumbai is an educational, social, and charitable trust founded in 1874 by Justice Badruddin Tayabji (first Indian Judge of Bombay High Court and Third President of Indian National Congress). It has rendered pioneering services to the country for the last 142 years and having known for Secularism and National Integration. There are 95 schools and colleges under its portals and educating more than 110 thousands students every year. The Anjuman-I-Islam established its second technical campus named Kalsekar Technical Campus (AIKTC) located in New Panvel in 2011. The AIKTC is approved by All India Council for Technical Education (AICTE), New Delhi, Recognized by the Directorate of Technical Education (DTE) Maharashtra and is affiliated to the University of Mumbai. The AIKTC has state-of-the-art infrastructure and instructional facilities for undergraduates and post graduate students in various functional areas of specialization, viz. Engineering and Technology (Civil, Computer, Electrical, Electronics & Telecommunication and Mechanical), Pharmacy and Architecture. In a very short time, AIKTC has become a well known institute in Mumbai and evolved as vibrant campus with good governance having well established systems and procedures.

It is our pleasure to invite you as a **Speaker for expert talk on 'Transmission line & Computational electromagnetics'** 25th July 2018 at 11:00 am. We look forward for your positive confirmation of our invitation.Should you require any clarification, please feel free to revert back to Prof. Afzal Shaikh, Asst. Prof. & I/c HOD (9619007885).

Thanking You,

Sincerely,

Dear Sir,

We are thankful to you for accepting our invitation and conducting a expert talk on "Transmission line & Computational electromagnetic" at our institute for our Electronics & Telecommunication students 25th July 2018. Your time and concern for sharing valuable knowledge and experience for the all-round development of our students is highly appreciated.

We look forward to more such informative sessions in future for the benefit of students.

Thanking you and with warm regards,

Sincerely

formation about the proposal in brief:

prediction of electromagnetic interference and compatibility, wave guide and antenna design and in newly researched fields like study of radiation effects on environment especially by cell phones.The lecture aims at refreshing the engineer/ scientist/ student/ manager/ faculty in basics of Electromagnetics with computational perspective

Resource Person/s:

Prof. Shishir Jalap SIES

Purpose / Objective :

tudents will learn about Computational Electromagnetics deals with behavior of electromagnetic waves . In strategic sector it is used for reducing the RCS of systems, study of materials that absorb radiatio

Experiment No – 2

a) To implement the DDA line drawing algorithm
b) To implement the Bresenham line drawing algorithm

Questions:

Mention the equation of line.What is slope of line?Formula

The equation of a line is typically written as y=mx+c where m is the slope and c is the y-intercept.

Given: Slope (m) and point (x_1, y_1)
Use: Point-slope form: $y - y_1 = m(x - x_1)$

Given: Two points (x_1, y_1) and (x_2, y_2)
Use: a. $m = \frac{y_2 - y_1}{x_2 - x_1}$

1. **Write the algorithm**

```
// calculate dx , dy
dx = X1 - X0;
dy = Y1 - Y0;

// Depending upon absolute value of dx & dy
// choose number of steps to put pixel as
// steps = abs(dx) > abs(dy) ? abs(dx) : abs(dy)
steps = abs(dx) > abs(dy) ? abs(dx0 : abs(dy);

// calculate increment in x & y for each steps
Xinc = dx / (float) steps;
Yinc = dy / (float) steps;

// Put pixel for each step
X = X0;
Y = Y0;
for (int i = 0; i <= steps; i++)
{
  putpixel (X,Y,WHITE);
  X += Xinc;
  Y += Yinc;
}
```

2. **State the drawbacks of DDA line drawing algorithm**

   Compared to bresenham's line drawing algorithm it is much slower due to the fact that it involves floating point numbers and requires to be round of resulting into larger number of computations.

To,
The Director,
AIKTC.

Subject: - Permission of Workshop.

Sir,
We, the members of Programmers Club of Computer Engineering Department are willing to conduct a 3-day parallel workshops from 28 th September 2018 to 30 th September 2018 on:

- MongoDB
- Laravel
- Game Development using Unity

The entry fee for the workshop will be Rs.300/-. The expenditure for the workshop will not be taken from the college. From the amount collected, we will be providing certificates and snacks to the students. After the total expenditure, the remaining surplus amount will be fully charitable.

Hope for your co-ordination.

Thanking you.

Yours Faithfully,

difficulties include anger, feeling low, poor emotional regulation and stress. Low motivation and interest towards academics was due to parental neglect and improper daily routine.
Psychiatric concerns such students experiencing high level of anxiety and rumination of thought and negative thinking. Sleeping difficulties was seen in the students due to various reasons such as: hormonal time shift, hectic- after college activities and light exposure. Addictive behaviour such as screen addiction and high use of social networking sites were reported by the students. The most common causes of low self-concept were: criticism or neglect from their parents, negative peers or friends, stressful life events, trauma or abuse, poor performance at college or unrealistic goals, bullying or loneliness and ongoing medical issues. Academic dishonesty includes cases where students were found cheating during examinations. Career indecisiveness in students was observed due to peer pressure, fulfilling parent's desire, market boom, an assumed social life and confusion related to various career options. Others includes cases with identity crises and interpersonal and intrapersonal conflicts.
Based on the Need Assessment report and the difficulties faced by the student an intervention is planned and implemented in the follow up session(s).

Group counselling session with students

Group counselling is conducted as a therapeutic method that harnesses the benefits of support groups made up of people who share common situations or problems. The group regularly meets and discusses their personal experience in dealing with their condition and sharing ideas and insights on getting better. Group therapy focuses on providing emotional support for all members of the group. Group counselling session were conducted with students (more than 3 students in each group) from all the years to discuss their collective concerns.

Individual Counselling session with parents

Individual session was conducted with parents referred by faculty/ management/self for discussing the concerns & problems faced by the students. The session lasts between 30 minutes to 1 hour. The session begins with a detailed case history about the family, student and his/her social environment. The detailed case history also includes discussion about the

Parent counselling help parents to understand the underlying reasons (often related to parenting or attachment styles) for out-of-control behaviours or unproductive parent-child interactions, explore various ways of interacting with the student that will improve the parent-child relationship, teach new parenting skills and behaviour management strategies, help parents learn therapeutic parenting techniques and support students in dealing with other issues causing stress which may be impacting on their ability.

Individual Counselling session with faculties

Counselling session with faculties is usually for 45 minutes to 1 hour. Individual session with faculty includes discussion about their personal concerns.

Counselling techniques used with students

Majority of the cases were self-referral followed by teacher and parent referral's. The counsellor used Directive Counselling approach, depending on the nature of the cases received. The steps of directive counselling include:

HR CARE Individual Counselling Report for AIKTC

1. Analyse- It includes collection of information about the individual.
2. Synthesis- After collection, the information is organized in the logical manner to analyse the individual in terms of his/her personal strengths, potentials, adjustment, cultural background, habits etc.
3. Diagnosis- The diagnosis consists of the interpretation of the information in relation to the nature and problem, the cause of problem.
4. Prognosis- In this step a prediction is made about the future development of the problem.
5. Counselling- The counselling focuses on adjustment and re-adjustment to the individual and his/her problem. Attitudes and interests of the individual are considered during this phase. The counselling is then positively directed towards the solution.
6. Follow-up- The follow-up step is extremely important. It helps the counsellor in understanding the progress of the individual and in identifying new problems or re-occurrence of the problem.

The counselling sessions included various techniques and therapies depending on the need of the client. Students with concerns related to academic difficulties were recommended various study skills such as goal setting, prioritization, time management, organizing and scheduling techniques along with concentration enhancing strategies. Counselling techniques with cases of behavioural difficulties involved various relaxation techniques, worksheets, roleplay. Personal concerns such as low perception of self or fear related concerns were addressed by using narrative or story telling techniques; Interpersonal difficulties such as relationship conflicts were addressed through relationship building and problem-solving techniques. Cases where the diagnosis could not be formulated, psychometric testing and psychiatric intervention were suggested.
